SUMMARY

Motivated MCA student specializing in Cloud Computing from Galgotias University, Greater Noida, with strong proficiency in C, Java, Python, Web Technologies, MySQL, Oracle, and DBMS. Possess a keen interest in cloud architecture, DevOps practices, database management, and software development, with a focus on building efficient and scalable solutions for modern business environments. A proactive learner who continuously explores emerging technologies to stay current in the evolving IT industry.

EDUCATION

1. Master of Computer Application (MCA) Pursuing, Galgotias University, Greater Noida (2024 – June 2026)

2. Indira Gandhi National Open University Patna.

Bachelor of Computer Application (BCA)

Percentage : - 63.57 / 100

3. MacDonald Higher Secondary School Deoriya, Saran.

12th | BSEB |

Percentage: - 68.40 / 100

4. MacDonald High School Deoriya, Saran.

10th | BSEB |

Percentage: - 61.60 / 100

SKILLS

Technical Skills-

- **Programming Languages:** C, Java, Python
- **Web Technologies:** HTML, CSS, JavaScript, ReactJS, Node.js
- **Databases:** MySQL, MongoDB, Oracle
- **Tools & Frameworks:** Git, Docker, AWS

Concepts :-

- DBMS and Data Structure

Soft Skills: Teamwork, Communication, Problem-Solving, Leadership

PROJECTS

1. STUDENT ATTENDANCE SYSTEM – AUTOMATED TRACKING OF STUDENT ATTENDANCE |Technologies Used: HTML, CSS, JavaScript, Node.js, Express.js, MongoDB
Duration: Oct 2025 – Dec 2025

- Developed a web-based Student Attendance System to automate the tracking and management of student attendance.
- Enabled easy retrieval and management of attendance records through a user-friendly interface.

2. CHATBOT | Technologies Used :- Html, Css, JavaScript, Python | Date:- 02 Dec 24 - 28 Jan 25

- The Chatbot Project is an AI-based application designed to simulate intelligent conversation with users through text or voice interactions.

3. ONLINE COLLEGE DATABASE SYSTEM | Technologies Used :- Html, Css, JavaScript, MySQL, Php | Date :- 26 Oct, 2021 - 16 Dec, 2021

- This project automates key college operations like student admissions, course creation, fee payment, and receipt generation. It centralizes data management, ensures secure login, and reduces manual work. In the future, it can be upgraded with more features to eliminate paperwork and create a fully digital college management system.

INTERNSHIPS / WORK EXPERIENCE

Company Name :- CISCO | Role :- Cybersecurity Intern | Duration :- June 25 – August 2025

- Completed an online **Cybersecurity Internship at CISCO** using **Cisco Packet Tracer** to design and simulate secure network environments.
- Configured routers, switches, IP addressing, ACLs, and basic firewall rules while analyzing common network threats.
- Gained practical understanding of **network security fundamentals, troubleshooting, and real-world cybersecurity concepts.**

CERTIFICATIONS

- **NPTEL - Cloud Computing** | Year :- 2025
- **WIPRO (talentnext) – Java Full Stack** | Year :- 2025
- **Data Analytics (Deloitte)** Year :- 2025
- **DSA using Java (Infosys springboard)**

ACHIEVEMENTS

- Competitive coding rank (Leetcode)
 - Developed academic projects including an Online College Database System, AI-based Chatbot, and Student Attendance System
-
